

RASSEMBLEMENT UNITAIRE
[CENTRAL AFRICAN UNITED RALLY]
RENAISSANCE CENTRAFRICAINE

***Letter from the Rassemblement Unitaire
To the people of the Central African Republic***

Paris, 29 June 2026

Subject : *Call to chart the paths of our future ourselves and together: an invitation to the “Central African People’s Consultations”*

***Dear Compatriots,
Daughters and Sons of our Central African Republic***

The Central African Republic belongs to us; it is our motherland and, at the same time, our most precious treasure. The Central African Republic is also us – all of us. Each of us, and all of us together, are both the breath of life and the leaven of this land.

We now represent its sole and ultimate chance to rise again, to ensure the happiness of its daughters and sons, and to contribute with dignity to building our Africa and fostering peaceful international relations.

This heavy responsibility weighs upon us. We, the daughters and sons of this country, must shoulder it before history, before the world and, above all, before future generations of Central Africans.

This is the spirit in which the Rassemblement Unitaire has launched the Central African People's Consultations, and invites you all to prepare to take part in them in the near future, in accordance with a schedule that will be communicated to you shortly.

The Central African People's Consultations are intended to be open to all Central Africans, without exception. They will therefore be our way of thwarting divisive policies and of asserting, in the face of the authorities of Bangui, that there is only one Central African nationality, only one identity as Central Africans and only one Central African dignity.

These Consultations are also an opportunity to reclaim the voice that has been taken from us; to “*reclaim our right to respect and to life*”, as the national anthem bequeathed to us by Barthélémy Boganda, the founder of our country, commands; to make our voice heard on the policies and governance of our country; in short, to take our destiny back into our own hands, and to reclaim it from the foreign and predatory forces into whose hands our own authorities have abandoned it.

These Consultations will, in fact, be our first demonstration of Central African sovereignty. They must herald the rebirth of ourselves and of our beautiful and beloved country; a rebirth in accordance with our own will, the only one that is legitimate on Central African soil.

Pending the dates, which will be communicated to you at a later stage, **you will be able to familiarize yourselves with the substance of the “Central African People’s Consultations” initiative within 48 hours, when the initiative’s framework document will be published.**

In it, you will find an outline of the rationale behind the Consultations, and a description of how they will be organized and conducted in practice. You will also learn about the principles that will guide the process, as well as the expected outcomes.

This document will be available to download free of charge, in both French and English, from the Rassemblement Unitaire website: <https://www.ru-rca.org/>

As soon as it is published, the Rassemblement Unitaire team will be on hand to answer your questions and welcome any suggestions at the following email address: contact@ru-rca.org.

You are all invited to join the movement. For the time has come for a national revival in the Central African Republic!

Now is the time to act...

... For the Central African People and together with them!

**On behalf of the RASSEMBLEMENT UNITAIRE
The General Coordinator
Pr Jean-François AKANDJI-KOMBÉ**
